How to make your order and pay (UK & abroad).

FOR FASTEST ORDERING simply phone or email your order and ask to pay by card, BACS or PayPal.

Please ask if you require help in making your order: do not send your card details with any order via email or letter, the phone is the safe option for that information and we can action your order readily. Where items are not stock, such as sails which have to be manufactured, we require card/payment details and which we action prior to making. Orders: minimum order goods value £6.

Card payments. Payment accepted via **VISA & Mastercard**. *Card details should be provided via phone and not by unsecure email or post.*

Payment via PayPal. We work out the total cost and PayPal will send the request to pay, thus saving

you any hassle. You do not have to have an account with PayPal to use that facility. We add £1.70 or 5% (whichever is the greater) to orders to cover most of the PayPal charges levied.

Electronic bank transfer (BACS); we can supply details to enable you to pay via this method.

CHEQUES & Postal Orders are *not* currently being accepted.

A phone number and email address are important to enable us to contact you speedily.

We reserve the right to amend/change PayPal rates without notice (as advised by our provider).

Post/freight rates on the adjoining page replace all previous issues. Order via phone/email and we apply the most economic rate for you. Next day rates (UK Special Delivery post) will cost more.

UK Delivery options.

Standard 1st class postal service. Postage on paper booklets start at under £4. Goods (fittings) value up to £10, p&p £5.95 (and at higher cost if more including relevant insurance, see rates page). We often use Royal Mail to despatch packages. Packages *arrive on average 1-3 days after dispatch. Available at increased cost for - sails, tubing and other overlength/heavier or dissimilar items. Numerals and/or booklets at reduced postage cost. See individual rates and for parcels via carrier. Tracked service also available orders sent via post. Postage charged may vary if any of the items are special order or oversize/overlength. Post & carriage charges may be subject to alteration without notice. *Transit times may vary due to conditions pertaining. Royal Mail have increased prices considerably on less weighty packages although heavier packages have seen a lower rise. As always small orders are considerably more expensive to handle, greater costs are unfortunately involved but our minimum order value is still very competitive compared to most of the retail trade; we value all orders from our customers and place high importance on assisting our customers however small or large the order may be.

All sails are packed in strong postal tubes 10cm diameter for despatch at home and overseas.

In the rare event you do not receive your parcel within 14 working days if you are a UK customer, or 25 working days after dispatch to addresses outside the UK, please contact us via phone or email.

Returned goods must be agreed prior to sending (T&Cs apply; please see our website for terms).

NOTE: While every care is taken we cannot accept responsibility for loss or damage of customers sails or patterns or other items, either while on our premises or in transit when returned via post or carrier. Parcels and packets sent via post or carrier to destinations at home or abroad can be sent insured to the value of the goods (see above). Any parcel or package returned by the postal authorities or customs, for whatever reason, are only insured against loss or damage in transit. Nylet are not liable for any postal charges where it is required to resend the goods, and in that case the postage/packing/insurance charges will be due from the customer. Please ensure you give us your full postal address (and phone) and to especially destinations abroad as addresses must be recognised by both postal authorities and carriers.
